Cancel claim 25 without prejudice.

The following is an examiner's statement of reasons for allowance: Applicant's arguments are persuasive in view of the Examiner's amendment.

Note with respect to Gilmanshin that while plural spaced stations are taught (col. 7, lines 20-30), they are utilized as repetitive single stations, and therefore Gilmanshin does not teach or suggest the use of distance or time interval between stations to calculate velocity.

Applicant's arguments with respect to Castro are persuasive.
